January 25, 2018

Dear Ms. Lowe:

I am a resident of Kent County responding to your request for comments on the Bay Crossing Study. I do not want a bay bridge crossing into Kent County, creating a massive scar on our pristine agricultural and historic lands, ruining our thriving farm economy and destroying historic sites. I have lived here all my life and turning my home into a noisy, polluted corridor for people to reach the beaches is a totally flawed idea. I am strongly opposed to the destruction of our small county in order to alleviate the inconvenience some vacationers may experience on a few summer weekends. Perhaps more innovative toll collection, variable toll rates, and disincentives to travel at high peak times should be put in place rather than massive amounts of taxpayer money be spent on a new corridor.

Sincerely,

[REDACTED]

Dear Ms. Lowe,

"Let the Eastern Shore Be" - I am writing to comment on the Bay Crossing Study. Agriculture is our main occupation here. A farmer has Mother Nature to contend with & does not need added roads & trucking. People say the new crossing is another "reach the beach" road but I say stop & look. This northern crossing would not improve beach travel, it would just make it longer. I look at the northern crossing as a new truck route to alleviate I-95. It would not enhance our beautiful agricultural, historical & cultural landscapes. Our way of life here is what we love & cherish. Take a serious look at the old data you are using & "Let the Eastern Shore Be".

Sincerely,  
[redacted]

Dear Ms. Lowe:

I would like to comment on the Bay Crossing Study. Kent County is a beautiful place full of historic, cultural and agricultural landscapes. Creating a new corridor to the 'Shore would be detrimental to the wonderful qualities of life experienced by those of us who live here. One only needs to look at what happened to Kent Island over the years to imagine the result of an additional bay crossing. What was once a quiet area of farms and historic places is now full of strip malls, fast food, asphalt and bedroom communities. This is not progress, it's sprawl!

I care deeply about preserving Kent County, and I know that a highway cutting through this landscape is not compatible with that goal. I oppose a new bay crossing.

Sincerely,

*I oppose a new bay crossing*

*Best Regards,*

*Let us keep our way of Life!  
ON Eastern Shore of Maryland.*

*Sincerely*

To

I, very very much against  
putting up another Bay Bridge in MD.  
If a new Bridge is built it would mess  
up our Beautiful untouchd Land that  
we all love and enjoy. The wildlife wouldn't  
like it either. We who live in Kent Co. don't  
want more traffic, air polution, people, drugs, Escaped  
Conficks that would come here by this Bridges.  
We Need to Save whats left of our Trees, wetlands  
Animals. The people who live in Tolchester would be  
devistated if a Bridge were put in their back yards.

More people would come here to live and that  
means more destroying of our land. The more people  
the more crime and drugs. We don't want Kent Co.  
or close counties turning into cities.

Please Leave our Beautiful Land as it is.
